This book offers a critical analysis and re-examination of the notion of Divine trial, first by providing a comprehensive typology and a contextual interpretation of the Qur'anic narratives pertaining to the concept. Divine trial is then investigated through a historical review of prophetic tradition (hadith) and the exegetical literature (tafsir); followed by a discussion on Prophetology, and an overview of *bala* in the lives of the prophets.

The book further develops key aspects of Muslim theology and mysticism through an examination of the works of Rumi and al-Ghazali.

*Nasrin Rouzati takes up a neglected aspect of Islamic religious experience. The concept is actually at the heart of the Qur'an and Rouzati's research in the Qur'anic materials, both classical and modern, on the subject is groundbreaking.* (Abdulaziz Sachedina, George Mason University)
